

Health & Safety Policy King Arthur's School

ACADEMIC YEAR 2009/10

1. AIMS/OBJECTIVES OF THE GOVERNORS OF:

KING ARTHUR'S COMMUNITY SCHOOL

- 1.1 To provide as far as reasonably practicable a safe and healthy environment for all persons who work at, attend or visit the school.
- 1.2 To endorse and support the safety policy of Somerset County Council, and ~~to assist~~ assist the Council to discharge those responsibilities, which it holds as employer.
- 1.3 To ensure their roles and the duties of the Council are linked as regards work related safety issues, and that the Scheme of Delegation published by the Council establishes the basis of devolved management and accountability for these.
- 1.4 To seek improvement to working conditions according to priorities within existing resources, and sustain a role to monitor standards at the school as an essential part of good safety management.
- 1.5 To recognise their responsibilities when they make available premises or equipment for hire, and will ensure that risks to the safety or health of hirers and other persons are adequately controlled as far as possible.
- 1.6 To recognise the role of safety representatives appointed by recognised trades unions and will co-operate with them so that they may undertake their health and safety related functions, including reasonable paid time off for consultation inspection and investigations.

The following individuals are recognised as safety representatives at the school.

Name (1) Helen Hatcher (2) David Dolling

Trade Union: Steve Cobbin (NASUWT)

- 1.7 To support the Council's arrangements for effective consultation, through encouraging informal meetings and by making time available in staff meetings where health and safety issues can be raised.
- 1.8 To ensure that staff have access to training to ensure their competence for their tasks.
- 1.9 To accept the duties that they may hold as a client where they arrange for work through contractors or volunteers. Follow the Council's guidance for the selection of competent contractors and will seek assistance from the Council's Property Services when necessary. Ensure that volunteers receive adequate instruction and supervision to work safely.
- 1.10 To report all incidents/accidents by following the procedure contained within the Incident Reporting (IR1) Guide.
- 1.11 To ensure that Risk Assessments are carried out within the school using an identified method for recording (eg Flamefast) and to review as appropriate.

- 1.12 With the Headteacher, to review on an annual basis, all accidents and other incidents reported to the school to identify trends and make a summary available to parents.
- 1.13 To ensure that incident investigations are carried out in sufficient detail.
- 1.14 To consult with the school council and inform pupils of their responsibilities for Health and Safety.

The Governors and Headteacher will draw this policy to the attention of all staff, and review as necessary in the light of any changes.

Signed: _____ Chair of Governors _____

Dated: _____

2. ORGANISATION IN SUPPORT OF HEALTH AND SAFETY

- 2.1 Schools can be organised in a variety of ways, ie on a Headteacher/ Governing Body/Senior Management Team/Departmental basis. In consequence the key members within the framework are responsible for seeing that their Area of responsibility/Department staff follow the school's policy, and in particular in respect of
 - 2.1.1 The identification and control of risks associated with any hazardous or dangerous substances.
 - 2.1.2 The selection of equipment which is suitable for its purpose, and ensuring that it is properly used.
 - 2.1.3 Identifying and securing the training needs of members of their Area/Department
 - 2.1.4 The provision of suitable personal protective equipment when its need is identified, and ensuring that it is properly used.
- 2.2 The Headteacher and Governors recognise the importance of all staff being competent and possessing the necessary current skills, knowledge and qualifications for the use of specialist equipment or facilities.
 - 2.2.1 They will ensure that staff have the necessary skills and qualification on appointment, or are able to receive the necessary training and certification, after appointment or on change of responsibilities or work methods.
- 2.3 The Governors will monitor safety performance within the school against the standards of Somerset County Council and provide an annual summary of their findings. With regard to premises issues this will include a check of the school buildings, in conjunction with their property surveyor and prioritisation of needs on the schools AMP.

- 2.4 The Governors have appointed the following Governor to have a watching brief for health and safety issues, and bring to their notice such issues that require their attention - Robert Lockey

Assistance on health and safety issues is provided by
The County Health and Safety Unit, Somerset County Council

3. Appointment of Appropriate Persons

The school has identified All schools should appoint appropriate persons for ~~their~~ delegated areas of responsibility within the school (~~see~~ Table A lists these areas of responsibilities and the names of the responsible people for areas which need including in your policy).

4. Guidance for Schools

The following guidance, produced by the Council, is available for schools to use for their own standards:

- Guidance for Schools Volume 4
- Guidance for Schools Volume 5

- 4.1 The Governors adopt the standards of the following publications which are endorsed by the Lifelong Learning Directorate as standards for its schools:

- “Safe Practice in Physical Education” published by BAALPE - 2004 Edition
- “Fire Safety in Schools” published by Architects and Buildings Branch DfES
- “Health and Safety of Pupils on Educational Visits” published by DfES
- “Guidance on First Aid for Schools” published by DfES
- “Supporting Pupils with Medical Needs” published by DfES

The School has established its own policies on *[complete as relevant]*
