With such a wide-ranging opportunity of further study available to young people, we are proud that 16% of our students will take up apprenticeships locally. We wish Harry Cropper well as he moves on to an apprenticeship at Thales Engineering, a prestigious apprenticeship programme. Congratulations also go to Harvey Lane who secured his apprenticeship at the start of his KS4 studies. We look forward to hearing about his land-based apprenticeship through Wiltshire College and University.

Two students are moving to the newer T Level vocational courses, with the remaining 80% of Year 11 moving to studies at college or sixth form. We are so pleased to know that having secured the skills and qualities to thrive for life, our students are confident in choosing courses out of county, as well as at local institutions.

Students collecting results today reported how pleased and proud they were, with so many wanting to pass on their gratitude to teachers and staff at the school. It was a wonderful opportunity for the school to celebrate success.

Headteacher, Jen Jacklin said: "We are extremely proud of all the hard work and awesome achievements of our students. After what has been a disrupted and difficult time, our students have risen to the challenge and demonstrated resilience and commitment to their success. As a school, we congratulate each and every student for their individual success and send our very best wishes for their future studies.

The improvement since the last set of formal exams in 2019 is both significant and exciting, and demonstrates what a rapidly improving school King Arthur's is. Our teachers have worked tirelessly to support students to ensure they could achieve and take their next steps. As always, we will be thrilled to hear what our students achieve in the future and look forward to them joining our school alumni so we can stay in touch."
