

Our careers offer is delivered in a variety of ways, which we review and adapt each year (**GB2**). These events include specific activities and events (eg: attendance of the local careers fair), 1:1 interviews, group work and through PSHRE lessons and activities. All students will also have links to careers and employability skills highlighted and taught to them through the curriculum (**GB4**).

At King Arthur's School we are fully committed to providing a detailed, varied and employment focused careers programme which fully meets each of the Gatsby Benchmarks.

Students can expect the following as part of our developing stable careers programme (**GB1**).
