

# Photography PPE Guidelines

**TASK:** Read the Guidelines and identify your next steps

1. Title page
2. Brainstorm page
3. Research of photographic images relating to the topic (20)
4. Photo shoot, a minimum of 10 images
5. Contact sheets of the images
6. Choose at least 3 of these images and use digital manipulation to alter the image, show your skills using digital media. Crop/contrast/colour/layering...
7. Create one photomontaged piece
8. Investigate the work of TWO photographers, find images, find some information about the person, Analyse the images, explain how are you going to use their work to influence yours?
9. 2nd and 3<sup>rd</sup> photo shoot, minimum 30 photos per photographer, think about the style of the photographers you have researched.
10. Digital manipulation of at least 4 images per photographer, you may need more complex edits. These should have some sort of influence from the photographers you researched.
11. Keep developing
12. Plan a final piece.
- 13. Create final piece /pieces in PPE time**
